## Introduction

Posttit is a social news aggregation, an online community, a discussion website, a collection of forums, where people can share news and content or comment on other people's posts. Users can submit links, photos and text posts to the website. Posts are able to be voted up or down. Submissions with more up-votes appear towards the top of the list. Users can not add or vote any post unless they sign in.

### Main View

This is the computer view of the main page.

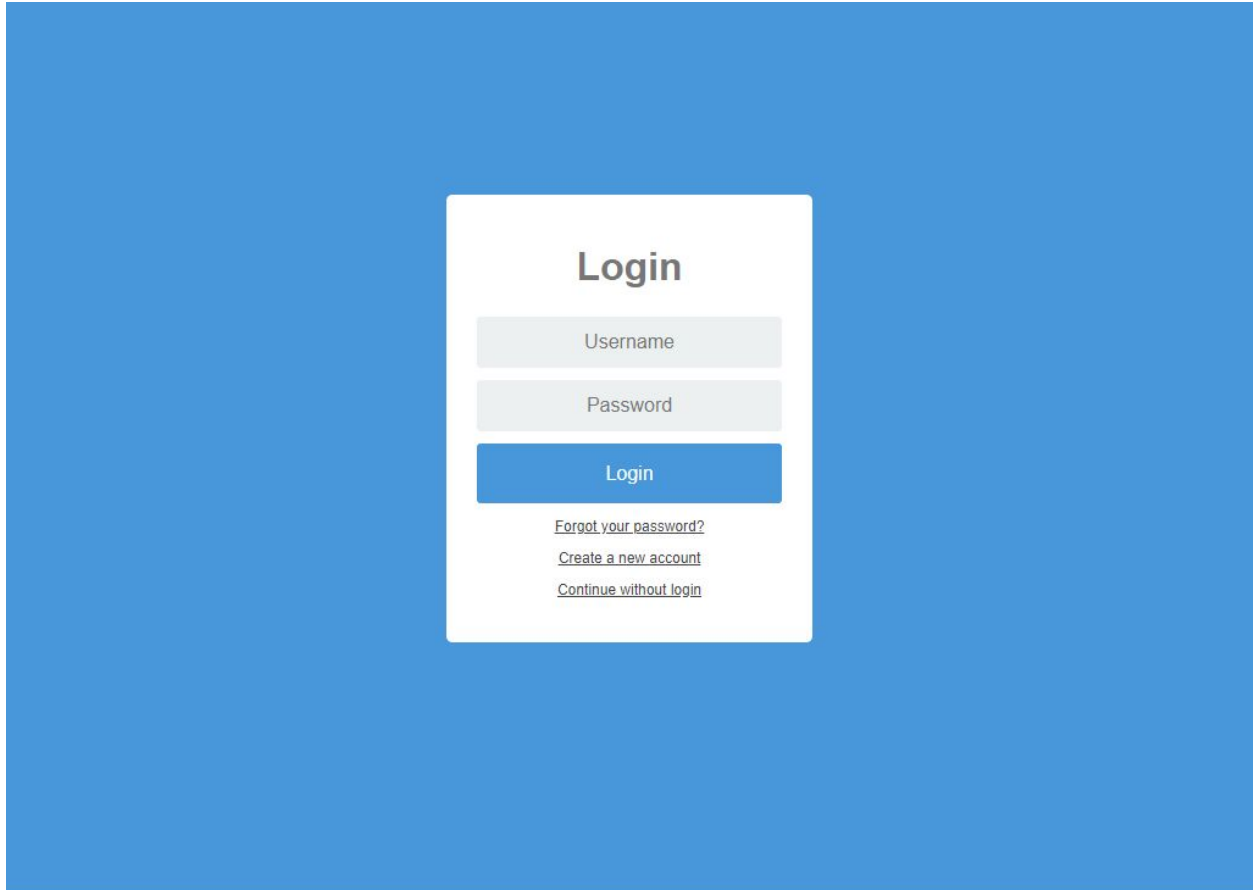

This is the mobile view of the main page.

This design will be similar to our final design (main page)

## Login View

A login form is centered on a solid blue background. The form is a white rectangle with rounded corners. At the top of the form is the word "Login" in a bold, dark grey font. Below this are three input fields: "Username", "Password", and a blue "Login" button. At the bottom of the form are three links: "Forgot your password?", "Create a new account", and "Continue without login".

A mobile view of a login page. The page has a solid blue background. In the center, there is a white rounded rectangle containing the login form. The form has a title 'Login' in bold black text. Below the title are three input fields: 'Username', 'Password', and a blue 'Login' button. Below the button are three links: 'Forgot your password?', 'Create a new account', and 'Continue without login', all underlined and in a smaller font size.

This is the computer view of the register page

The image shows a mobile view of a registration page. It features a blue background with a white rounded rectangle in the center. Inside the rectangle, the word "Login" is at the top. Below it are six light gray input fields for "Username", "Firstname", "Lastname", "Password", "Confirm Password", and "Email". A blue "Signup" button is at the bottom of the form. Below the button is a link that says "Already have an account?".
